### Record year for Q-CONNECT

INTERACTION, the European alliance of office products distributors, is proud to announce that for the second year in a row, its Q-CONNECT housebrand has shown a growth of 12%, resulting in an overall turnover of 162 million EUR.

The member-companies in amongst others Spain, Germany and Denmark have been some of the driving factors to this result. But, and this is not a surprise, Vasanta, active on the UK and Ireland, has marked the highest growth with an impressive +18% in local currency.

Jan Van Belleghem, the MD, is confident that, with the integration of Quantore in the alliance and with the investments that are being made, the brand can further grow in 2015, albeit not at the same pace as in the previous years.
